**Whose idea was it to start selling online?**

Dr. Pascual, the physicist who ran the Benasque Science Center, came to see me to teach my children something. When they arrived they were excited: **"This is going to change the world"**

**"Deportes Barrabés", first online shop in Spain**

The screenshot shows a mobile view of a Financial Times article. At the top, the 'FINANCIAL TIMES' logo is visible. Below it is a navigation bar with categories: US, COMPANIES, TECH, MARKETS, CLIMATE, OPINION, WORK & CAREERS, LIFE & ARTS, HTSI. The article title is 'Zaragoza + Add to myFT' followed by 'The father of Spanish e-commerce'. Below the title is a photo of a man in a dark jacket. The article is from 'EL PAÍS' and is titled 'CiberPaís'. The sub-header is 'COMERCIO' and the main headline is 'La española Barrabes.com hace temblar a las tiendas de montaña norteamericanas'. The text below the headline reads: 'Manuel Castells pide que intervengan las autoridades europeas ante el boicoteo de los comercios estadounidenses a la tienda virtual de Benasque. Elogios en la Red a la logística y los precios de la empresa aragonesa'.
