

Dark Matter 2018: From the Smallest to the Largest Scales

Monday, June 25, 2018

Afternoon Session: Cosmology (5:00 PM - 6:15 PM)

time	[id] title	presenter
5:00 PM	[99] The CDM challenges of the Milky Way satellite orbits	CAUTUN, Marius
5:25 PM	[100] A limit on the warm Dark Matter particle mass from the edges redshifted 21 CM absorption line	SAFARZADEH, Mohammadtaher
5:50 PM	[101] Milky Way Dark Matter - From Astrophysical Observations to Particle Physics Experiments	MAUMDAR, Subhabrata
