

Dark Matter 2018: From the Smallest to the Largest Scales

Tuesday, June 26, 2018

Morning Session: Cosmology (11:20 AM - 1:25 PM)

time	[id] title	presenter
11:20 AM	[44] What can galaxy dynamics tell us about dark matter?	LELLI, Federico
12:10 PM	[45] Why the massive LIGO events can not be Primordial Black Holes	DIEGO RODRIGUEZ, Jose Maria
12:35 PM	[46] Polarized spectral distortion of CMB from ALPs	MUKHERJEE, Suvodip
1:00 PM	[47] Weak lensing constraints on splashback in galaxy clusters	CONTIGIANI, Omar
